## Summary

Experienced Mechanic with a couple of years at Boats and Fun, now transitioning into web development. Skilled in front-end technologies like Next.js, React, and Tailwind, with a strong foundation in API integration. Bilingual in Spanish and English, bringing problem-solving abilities and customer service experience to enhance user-focused web projects. Currently seeking a web developer role or internship to apply my skills and continue growing in the tech field.

## Experience

#### Boats and Fun - Mechanic Cape Coral, Florida

• Performed routine maintenance to ensure proper functioning of the boat's mechanical systems.

- Performed regular maintenance and repairs on electric golf carts, including replacing batteries, brakes, tires, and other components.
- Greeted customers and provided exceptional customer service.

#### **Boats And Fun - Web Developer**

Cape Coral, Florida

- Developed an Order Management System enabling customers to place orders online.
- Developed Maintenance and Inventory Tracker to keep better track of the maintenance done in the golf carts.
- Developed an API proxy server using Node.js and Express.js to handle and forward client requests to external APIs.
- Integrated third-party APIs into existing websites.

#### Blue Blossom - Web Developer

Cape Coral, Florida

- Built a responsive and dynamic interface, ensuring compatibility across mobile and desktop devices.
- Collaborated with the client to define requirements and enhance the final product's functionality.
